10. (Secret - GLC) Met with Bill Woodruff, on the staff of the Senate Appropriations Committee, and briefed him on the Director's visit with Senator Proxmire regarding a possible appearance before the Joint Economic Committee. I told him that it had been agreed we would not appear but that at the Director's suggestion Proxmire will contact the State Department and ask that they testify before his Committee. It was also agreed there would be no objection to a State witness stating that the views expressed by them were based on information from various agencies including the CIA.

11. (Secret - GLC) Briefed Bill Woodruff on the following:

- a. Soviet activity indicating further missile testing;
- b. [REDACTED]
- c. work being done by ChiCom missile facilities;
- d. modifications of the Shuang Ch'eng Tzu missile plant;
- e. information on the production of Foxbat interceptors.

I also alerted Woodruff to the case of [REDACTED]  
[REDACTED] and the possibility that he would be surfacing in the near future.

12. (Secret - GLC) Asked Bill Woodruff if he knew anything about [REDACTED] I told Woodruff that he was a GAO investigator who had been in touch with organizations of interest to us in the Far East. Woodruff said he knew nothing about [REDACTED]

13. (Secret - GLC) Mr. Woodruff mentioned that Senator Russell was interested in having the Director brief the Defense Subcommittee of the Senate Appropriations Committee sometime during the first two weeks in June. Woodruff will be touch with us later about the specific date. He said the Senator would like a briefing along the lines which the Director gave to the Senate Foreign Relations Committee. I reminded him that the Foreign Relations briefing was essentially the one given to the combined CIA Subcommittees earlier but without some of the more sophisticated graphics and asked him his view as to the level of classification for the Defense Subcommittee briefing. Woodruff said his only real feeling about this was that the briefing should be at least as deep as the one given to the Foreign Relations Committee. (I subsequently alerted [REDACTED] and it was agreed that this briefing, as the prior briefing of this Subcommittee, should be on an all-source basis.)

25X1A 1. (Unclassified - GLC) In response to his call last week, I talked with Ben Gilleas, on the staff of the Senate Preparedness Subcommittee, on the [ ] case. I told him that the case was pending with our Director of Personnel, who had all the facts, and that I would expect a decision in the near future. I told him I would be in touch with him as soon as I learned of the outcome.

2. (Internal Use Only - LLM) Spoke with Mr. Victor Zafra, BOB; Mr. Andrew Ruddock, CSC; and Robert Hull, Department of State, concerning BOB's recent request for Agency proposed legislation to implement the transfer of credit and minimum guaranteed benefit concepts. The outcome is that the Civil Service Commission is updating their legislative package on this subject and will keep it in a standby status subject to a more formal request by BOB. CIA and State action is necessarily tied to and should follow the Commission's. See memo for the record.

3. (Secret - JGO) Reviewed with Mr. James Lowenstein, on the staff of the Senate Committee on Foreign Relations, the Director's response to a question relating to concentration of the United States and Soviet population contained in the transcript of the Director's briefing of 23 April.
